EUC TR ISTANBU35

Dear Sir,

I am the Erasmus Coordinator of Faculty of Economics and Administrative Sciences at Yeni Yuzyil University in Istanbul, Turkey.

Our University is quite young; however, a great majority of our faculty members have been involved in Erasmus student and staff mobility exchange, having signed bilateral agreements through their previously affiliated institutions. We do have Erasmus University Charter (**EUC TR ISTANBU35**), and we have implemented ECTS programme for all faculties and departments.

The location of our university seems especially suitable to Erasmus student and staff mobility. The city of Istanbul with its dynamic and cosmopolitan atmosphere is one of the few places to offer great intellectual and cultural resources - libraries, museums, galleries, theatres and other facilities- for students and faculty members who are committed to explore the modern world in its endless complexity. In brief, Istanbul is a site for cultural, commercial and social exchange. In 2010 it was nominated as European City of Culture. Our campus is located at the center of the city. Our web page is currently in Turkish and we will place the English version very soon.

We would like to further develop our international relations, particularly with English and French-speaking universities offering programs (undergraduate or graduate level) related to the international field : international trade, relations, which would like to develop university partnerships with Turkey, as part of the ERASMUS program.

If you need more information about Yeni Yuzyil University please don't hesitate to contact me. I am looking forward to hearing from you.

With best regards,
Asist. Prof. Tulay Yıldırım
